

Partnership Ads AI-Leveraged

Boost Partnership Ads with AI-Powered Post-Production

Elevate Creator Content with AI Without Losing Authenticity

We take existing creator content and use AI to enhance, adapt, and optimize it for Partnership Ads, ensuring it performs better while maintaining the creator's unique voice.

Content Ingestion

We receive raw or previously published content from the creator, analyzing it for performance potential and brand alignment.

AI Enhancement

AI tools are used to drive **creative impossible outcomes** while optimize pacing, add dynamic captions and enhance audio.

Partnership Ads Deployment

The polished assets are delivered ready to be run as Partnership Ads, leveraging both the brand's and the creator's handles.

What We Need

Existing Assets (Raw or published videos) and **Brand Guidelines** (Logos, fonts, tone).

Process & Terms

10-day sprint from kickoff to delivery. Includes **1 round of revisions** and **6 months of digital usage rights**.
